The Networking platform for Field Operational Tests

www.fot-net.eu

- Funded by the European Commission DG Information Society and Media under the 7th Framework Programme
- Platform for knowledge exchange and for strategic networking of existing and future National, European and international Field Operational Tests

Partners

- ERTICO-ITS Europe
- Chalmers University of Technology
- CTAG
- Internationale de L'Automobile (FIA)
- ITS Bretagne
- Orange France
- Polis
- Rijkswaterstaat (RWS)
- TNO
- University of Leeds

Goals

- Provide a benchmarking overview of the socio-economic potential of ICT based functions and systems for road transport all over Europe
- Contribute to improve significance, visibility, comparability and transferability of available FOT results at the National and European level
- Promoting the implementation of a common European FOT methodology: The FESTA results

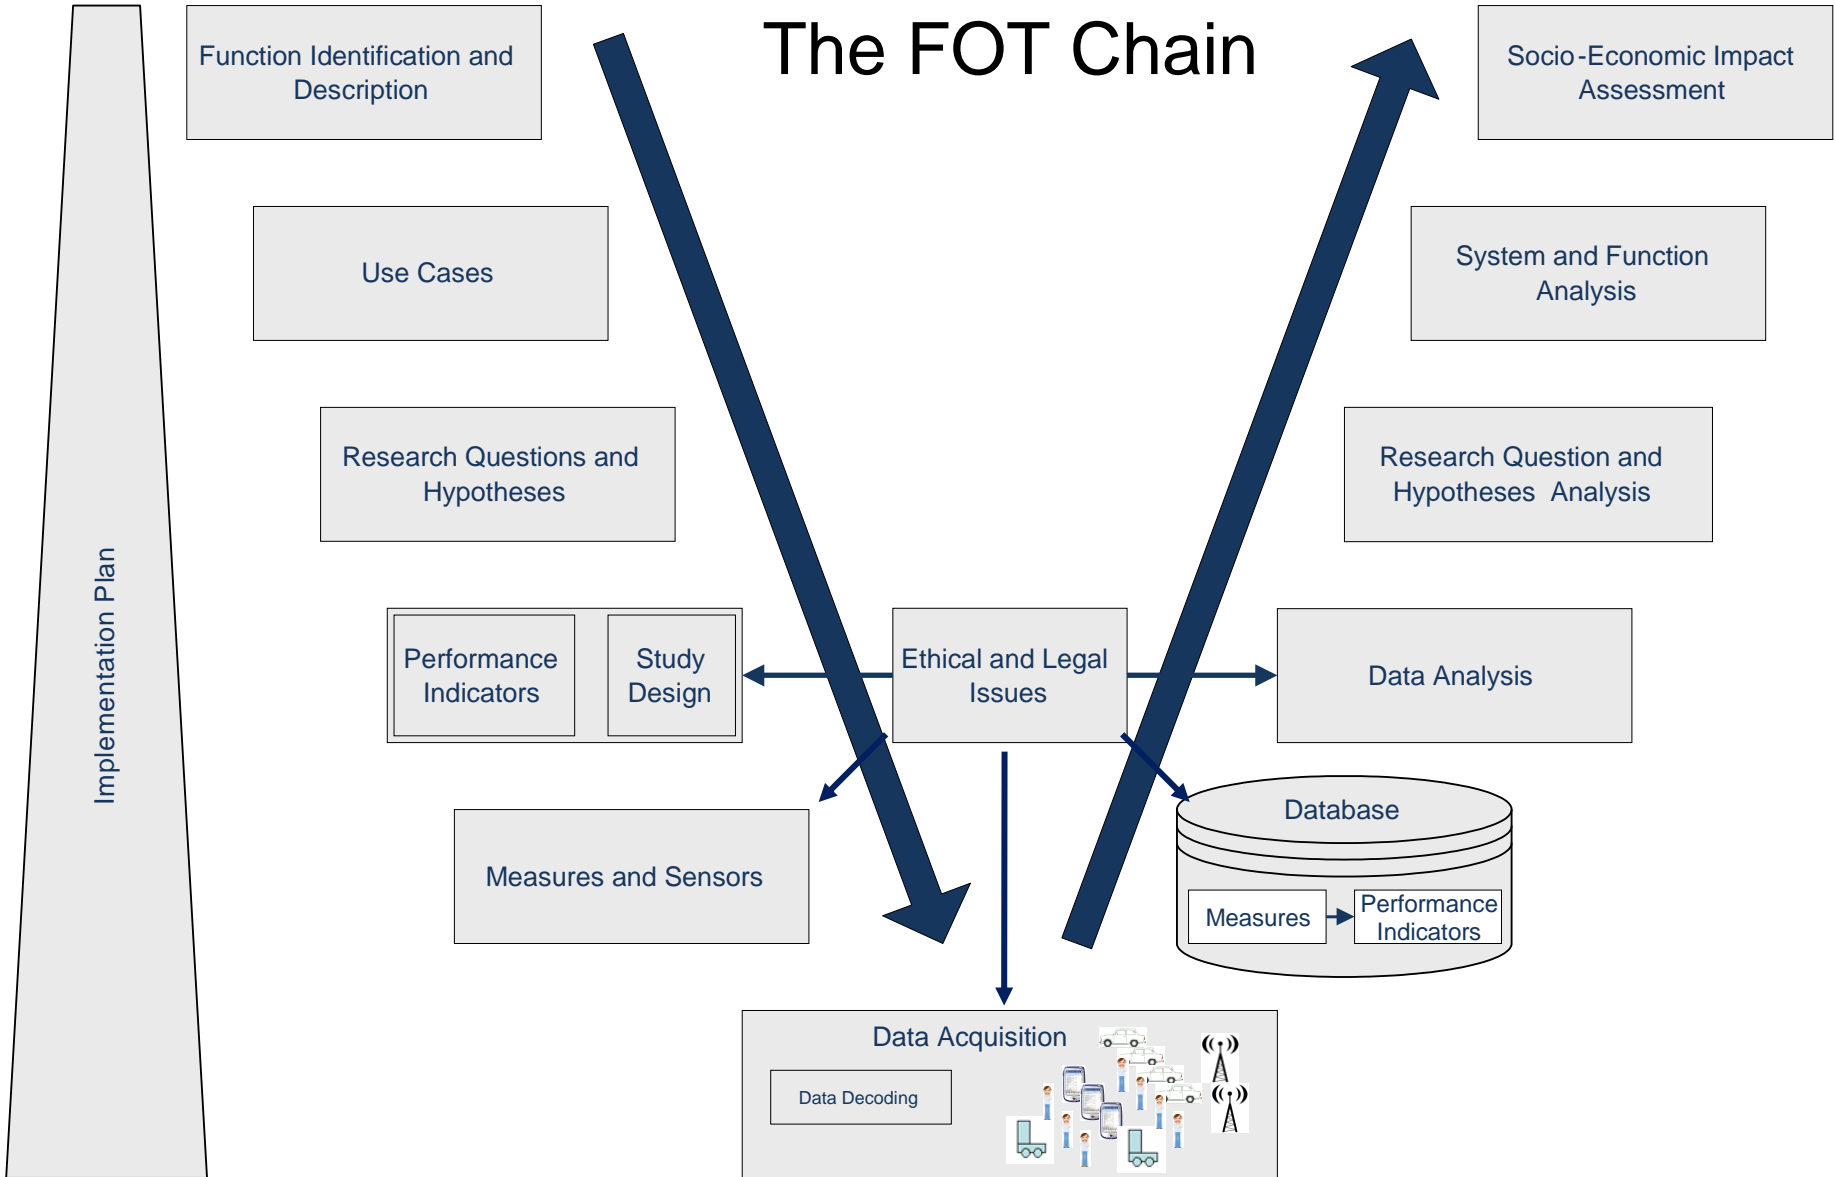

FESTA (Field opErational teSt support Action)

www.fot-net.eu

- European project, ended May 2008, within the Information and Communication Technologies (ICT) Priority
- Handbook of good practice providing practical guidance

The FOT Chain

Thank you for your attention!
