

**FOT-NET DATA PERSPECTIVES FROM
AALBORG UNIVERSITY**

AALBORG UNIVERSITY
DENMARK

Where?

Our expectations from FOT-Net Data?

- Developing international network
- Share experiences from data-analyses and results
- New project development (H2020)

Our contribution to FOT-Net Data

- Participation in FOT-Net Data workshops etc.
- Make FOT data available for interested organisations
- ITS platform:
 - 400 cars
 - 1 month
 - ~750,000 km driving
 - Anonymised
 - This dissemination is not financed so far!

Possible benefits and the obstacles of data sharing

Benefits:

- Network
- Scientific discussions and development
- Ongoing updates on the development

Obstacles:

- Privacy issues
- Data quality

Thank you 😊
