

FOT-Net Data International Workshop ITS and Connected Vehicle Data: from Field Operational Tests to Deployment

Organised in collaboration with the U.S. Department of Transportation (DOT)

ITS World Congress 2015 – Bordeaux
05/10/2015

This project has received funding from the European Union's Seventh Framework Programme for research, technological development and demonstration under grant agreement no 610453

AGENDA

08:30	Breakfast and registrations	
09:00	<p>Welcome from the Regions: Introduction on FOT activities</p> <ul style="list-style-type: none"> • Europe • US • Japan 	<p>Europe: Alain Van Gaever (EC – DG MOVE) Sami Koskinen (VTT) – <i>FOT-NET Data Project coordinator</i> US: Carl Andersen (US DOT) Japan: Hiroshi MAKINO (MLIT)</p>
09:30	<p>Deployment pilots</p> <ul style="list-style-type: none"> • Europe • US • Japan: ITS Spot project <p>Questions & Answers session</p>	<p>Europe: Jean-Philippe Mechin (CEREMA) US: Carl Andersen (US DOT) Japan: KANOSHIMA Hideyuki (MLIT)</p>
10:20	Coffee break (Espace Panoramique)	
10:40	<p><u>Data and deployment</u></p> <p>In this session first 2 short introductions will be given by the speakers. The introductions are followed by discussions in small groups. Small groups addressing one of the following questions:</p> <ul style="list-style-type: none"> • How can lessons learned from FOTs concerning data ownership, personal data and anonymisation be used in the deployment phase? • How to deal with research versus operational data? <p>The main questions will be detailed into more dedicated questions.</p>	<p>Speakers: Europe: John-Fredrik Grönvall (Volvo Cars) US: Ram Kandarpa (Booz Allen Hamilton)</p>
12:00	Lunch (Espace Panoramique)	
12:45	Reports from the rapporteurs	

AGENDA

12:45	Reports from the rapporteurs	
13:15	<p><u>Profiting from FOT experiences in deployment</u></p> <p>In this session first 2 short introductions will be given by the speakers. The introductions are followed by discussions in small groups. Small groups addressing one of the following questions:</p> <ul style="list-style-type: none"> • How can stakeholders profit from international sharing of data and experiences from FOTs and pilots? • Which research areas or specific questions need to be answered to enable and facilitate deployment, and can analysis of existing FOT datasets provide some of the answers? <p>The main questions will be detailed into dedicated questions. Discussions will be held in small groups of 6-10 participants, each addressing one of the questions. Few groups will move in ROOM H2 for the discussion</p>	<p>Speakers: Europe: Tom Alkim (Rijkswaterstaat) Kazuya Takeda (Nagoya University)</p>
14:45	Reports from the small groups	
15:00	<p>Panel and audience discussion on next steps in deployment (panellists will make a short statement, audience will be invited to react and contribute)</p>	<p>Moderator: Maxime Flament (ERTICO – ITS Europe)</p> <p>Panellists from previous sections:</p> <ul style="list-style-type: none"> • Europe • Japan • US
15:30	Adjourn	

GROUP WORKING SECTIONS

- After the introduction given by the speakers, the discussions will be organised in **small working groups** (6-10 participants) addressing one main questions per section
- Each working group will have a **leader** who will provide a **short report** on the main points discussed
- The **rapporteurs** will provide a short summary of the discussion on the basis of the short reports provided by the working groups
- Some groups will move to room H2 to facilitate the discussion
